Role Profile

The London Stock Exchange Group (LSEG), is a leading provider of business and financial information on public and private companies globally. LSEG continues to build on a century of experience by transforming data into knowledge and combining our expertise with the latest technology to create new global data and analytical solutions for our clients. With advanced data collection services, cloud-based applications, desktop analytics and print products, we incorporate value added tools such as quantitative Smart Beta equity research and tools for portfolio building and measurement.

For LSEG Taipei Office, we are currently recruiting for a research analyst position in our Data Collection Sustainable Investments team. Our research analysts are responsible for assessing the Environmental, Social, and Governance (ESG) disclosure of global companies. The Research Analyst is a critical function in the Sustainable Investment team, gathering data which is used by the investment community to incorporate ESG aspects into investment decision making and stewardship. We are looking for individuals who are comfortable with strict weekly deliverable commitments and have high degree of ownership for the quality of work delivered.

Essential Duties & Responsibilities

- Collect quantitative and qualitative data from multiple information sources including annual reports, sustainability reports, websites, and other filings of publicly traded companies
- Analyse collected data as per a pre-defined ESG Ratings methodology
- Support analysis with brief comments and rationale
- Provide appropriate references of source documents used
- Collect and analyse online news releases on ESG controversies related to companies
- The ability to work effectively with peers, leads, and manager – both within the team as well as other teams in multiple time zones.

Qualifications

- Bachelor's degree or equivalent experience
- Excellent English language skills (write, read, talk)
- Ability to work independently with high degree of ownership
- Ability to meet strict weekly timeliness and quality standards established by the department
- Ability to multi-task and be results driven.

Preferred Skills

- Experience with ESG factors and sustainability
- Languages skills like Japanese, Korean

People are at the heart of what we do and drive the success of our business. Our colleagues thrive personally and professionally through our shared values of Integrity, Partnership, Innovation and Excellence are at the core of our culture. We embrace diversity and actively seek to attract people with unique backgrounds and perspectives. We are always looking at ways to become more agile so we meet the needs of our teams and customers. We believe that an inclusive collaborative workplace is pivotal to our success and supports the potential and growth of all colleagues at LSEG.

A career with London Stock Exchange Group offers you the opportunity to be at the centre of the financial community. As well as competitive salaries and a range of attractive benefits, we maximise each employee's potential through personal development plans, training, coaching and mentoring.
